"HAP" FRANK WILL RETIRE

Maj. Gen. J. Calvin Frank, commander of the 79th Infantry Division, will retire Sunday after 36 years with the U.S. Army and its reserve components.

Retirement ceremonies will be held Sunday morning at Indian-town Gap Military Reservation. Participants will include members of division units from all parts of Pennsylvania, Maryland and Delaware.

Guests will include representatives of the Department of the Army, the Second Army, XXI Corps and other Army headquarters.

Frank, a native of Harrisburg, has headed the 79th since July, 1957, and has been a major general since December of that year.

He is well known in this area as a former star athlete at the old Harrisburg Tech High School and Penn State. He also was active in government circles serving as Harrisburg parks commissioner for two terms and for one term in the state House of Representatives.

He was a principal in securing the new Army Reserve Center here last year. He is a former assistant football coach at Gettysburg College.

Basehor Insurance Agency Is Sold

In a display advertisement in today's edition of The Gettysburg Times, announcement is made of the purchase of the Basehor Insurance Agency on Lincoln Square by Robert R. McCoy, 632 Fairview Ave. The change in ownership will be effective January 1.

The new owner said there will not be any immediate change in location of the agency office or in company affiliations. It will operate under the name of Robert R. McCoy but Mrs. John H. Basehor, the widow of the company's founder, will continue as an associate.

The Basehor Agency dates back to 1929 when the late John H. Basehor entered the insurance business here. Since January 1, 1960, it has been the Basehor Insurance Agency and has operated as a partnership owned by Mrs. Basehor and her son, John W. Basehor.

Mr. McCoy has been in the life insurance business here since January 1, 1956, and in 1960 entered the general insurance field with offices in the First National Bank building.

LAUNCH WATER, SEWER PROJECT IN CONEWAGO

Conewago Twp. has embarked on an approximately \$500,000 program which will provide water for Edgewood and a sewer system for Midway.

Attorney Ronald J. Hagerman, solicitor for the township said today that the federal government is providing \$225,000 toward the sewer program and the Bethlehem Limestone Co. has put up the \$78,000 for the water system.

The federal money will be an outright grant. The \$78,000 was given on a customer extension basis and the company will within the next decade have perhaps all of the money returned, depending upon use of water in the community.

Work has been started on the water project and the eight-inch main from Second St., McSherrystown, to Edgewood has been placed. It will serve 97 residences, an industrial plant, and Conewago Chapel and School.

Construction of a sewer system for the 1,500 residents of Midway will cost approximately \$435,000 of which the federal government will pay the \$225,000. The construction is to be made under the accelerated public works program announced by the federal government in September.

Conewago has secured funds for planning the sewer system back in February and when the new accelerated program was announced it was ready immediately to ask the federal aid. It was the second municipality in Pennsylvania to receive approval for a program.

8 MILES OF PIPE
Eight miles of pipe will be laid to serve the 459 residences, four industrial plants and the elementary school.

38 Are Reported Dead In Worst Snowstorm In Many Years; Many Are Stranded

By THE ASSOCIATED PRESS
With an army of highway crewmen in the vanguard, residents of northern Ohio and western Pennsylvania tackled today the monumental job of digging out from one of the worst snowstorms in years.

At least 38 storm-connected deaths were reported, most of them resulting from heart attacks while shoveling snow or from traffic accidents.

In Ohio alone there were 16 known deaths.

Thousands of motorists, truck drivers and bus passengers were stranded by the storm that started Thursday, deposited up to 27 inches of snow and sent drifts as deep as 20 feet.

LIBRARY BOARD PLANS ANNUAL JAN. MEETING

Members of the board of directors of the Adams County Public Library at their December meeting Friday evening at the main library discussed tentative plans for the library's annual meeting to be held Thursday, January 17.

Mrs. Richard Schubart, chairman of the committee in charge of arrangements for the annual meeting, discussed with the board plans to introduce Joseph Dobransky, who recently was elected as coordinator for the library's rural library service demonstration project in this county.

Mr. Dobransky, who is currently completing post graduate studies at Drexel Institute in Philadelphia, will begin his studies here about January 1. The demonstration project, which will bring the library 5,000 new books, additional staff members and has already won for it a second bookmobile, will make use of federal funds distributed by the state.

Plans for the annual meeting will also include the election of a number of directors and a presentation of plans for the library's forthcoming capital funds drive to raise funds for enlargement of the present library building. State Librarian Ralph Blasingame will be invited to attend.

President H. Thomas Pyle presided at the meeting Friday at which approval was given to a \$44,889 local operating budget for next year. It anticipates \$11,000 from the county commissioners, \$3,000 from schools, \$5,500 from the Community Chest and \$5,500 from other gifts as the principal local receipt items. State appropriations will total \$15,889.

Board members pointed out the importance of increasing local (county-wide) financial support for the county library to continue to qualify it for state aid which is based largely upon the degree of local support.

\$7,000 FOR BOOKS
The new budget, which was presented by Dr. Frank N. Hewetson, treasurer for the finance committee, provides \$7,000 for new books and \$26,310 for salaries, an increased figure over this year to provide for badly needed extra members of the staff and some pay increases for the present staff.

Dr. Hewetson said he expects the library will be able to complete paying off this year's \$5,100 balance on its mortgage. The mortgage was taken out when the library bought its present property.

Supervisors Talk About Insurance

The possibility of increasing township insurance and providing health and life insurance on township officials and workers was discussed Thursday evening at the meeting of the Cumberland Twp. Supervisors at the home of Secretary Lawrence Heltzel.

The discussion was in line with information given at the annual convention of the township officials Wednesday at the courthouse where when state officials discussed insurance available and requirements for townships.

No action was taken pending concerning the insurance. Township equipment for snow removal was reported as "ready to go and we hope we don't have to use it," by Secretary Heltzel.

Most of the meeting was devoted to routine business, the secretary reported.

Ira D. Plank III Dies On Thursday

Ira David Plank III, 4-year-old son of Mr. and Mrs. Ira David Plank II, Wilmington, Del., died Thursday evening at the National Institute of Health, Bethesda, Md., where he had been a patient for six weeks. The youngster had been ill with leukemia for 16 months. However, the cause of death was given as pneumonia.

The boy was a grandson of Mrs. Ira Plank, Hanover St. The youth's mother is the former Miss Margaret Ompeke.

In addition to his parents, the boy is survived by a sister, Cynthia, 7.

Funeral services will be conducted Sunday afternoon at 3 o'clock from the Hanover Presbyterian Church, Wilmington.

There will be no viewing. In lieu of flowers friends are asked to contribute to the American Cancer Society.

Rescuers Sight One Of 37 Men Trapped In Coal Mine

By BEN DE FOREST
CARMICHAELS, Pa. (AP)—An advance rescue team sighted early today the body of one of 37 miners trapped some 650 feet underground by a tremendous coal mine explosion.

The rescue party relayed word that it was still some distance from the body, and identification could not be established immediately.

According to a U.S. Steel Corp. spokesman, the body lay about 4,000 feet from the working area, or face, of the tunnel where the blast erupted at 1:15 p.m. Thursday.

FATE UNKNOWN
The spokesman said it would be a while before the rescue unit could work its way to the body.

Fate of the others remained unknown as the rescuers struggled to reach the body.

A mine official took news of the discovery to a handful of relatives and friends standing by.

Adam Bronakoski, whose son, Albert, 19, was among those trapped, said the group received the information without visible reaction.

"What could we do?" he asked.

ARE HANDICAPPED
Small fires and rock falls encountered in the long corridor also have handicapped rescue units.

Above ground, relatives of the men continued to keep a silent vigil.

Bishop John J. Wright of the Pittsburgh Roman Catholic diocese visited the disaster scene Friday night, offering consolation to the grieving families.

Joint Board Will Organize Monday
The Gettysburg Joint School Board and its joint school committee will conduct their annual reorganization meetings Monday evening during the December meeting of the joint board at the Gettysburg High School building.

The meeting will be held at 8 p.m. The operating committees of the joint board also will choose their chairmen during a recess in the board meeting.

Boards of directors of the member districts are expected to hold their own reorganization meetings before the joint board session so that their committee assignments will have been made by that time.

BURY C. F. FERRIS
Funeral services for Clarence F. Ferris, 42, Littlestown R. 1, who died Wednesday in the Warner Hospital shortly after his admission, were conducted this afternoon at 2 o'clock from Little's Funeral Home, Littlestown. The Rev. John C. Chatlos, pastor of St. James' United Church of Christ, officiated. Interment was in St. James' Cemetery. The pallbearers were William Fissel, Fred Fissel, Glenn Mummert, Frank Reaver, Francis Reaver and George Reaver.

COUPLE LICENSED
A marriage license has been issued at the courthouse to Kenneth George Reever, son of Mr. and Mrs. Lawrence J. Reever, East Berlin R. 2, and Beatrice Katharine Althoff, daughter of Mrs. Mary J. Fink, East Berlin R. 2, and the late John W. Riley.

Fine Hunter For Improper Tagging

Gene Moose, Hanover St., paid a \$10 fine Friday evening to Game Warden Homer Thrush for improper tagging of a deer he shot shortly after 7 o'clock Monday morning on the farm of his father-in-law in Cumberland Twp.

Moose said he had lost the tag he received with his license and attached an improvised tag to the animal before he removed it to the Arctic Locker in Gettysburg. Thrush discovered the violation Wednesday evening when he inspected the locker.

According to the charge Moose had failed to record the date and location of the kill and his license number.

The violation carries a maximum of \$25 fine and confiscation of the animal.

"CAR LIFT" TO BE CONDUCTED BY LOOM LODGE

The Gettysburg Moose Lodge will again provide a "Christmas car lift" for persons desiring transportation to and from church at Christmastime.

Decision to conduct the program again was taken at a meeting of the lodge Thursday night at its home on York St. Those wishing the service are asked to call the lodge by December 23.

Plans were also announced for the annual party of children of members to be held December 24 at 2 p.m. A program of entertainment is planned and toys will be given the kiddies by Santa Claus. A donated Christmas wreath was donated to the lodge by a member of the Pittsburgh lodge who is employed on the bypass construction here as an expression of his appreciation of visits to the local lodge.

Ralph Fissel reported on a meeting of District 1 of the Pennsylvania Moose Association at Lancaster and announced the next district meeting will be held at Lebanon January 6.

LODGE IS A-1
Chester Steffin, state director, listed the local lodge as A-1 in all activities.

Reports on Moose Park, the farm purchased by the lodge east of here and now being converted into a summer area for swimming, picnicking, etc., for Moose members and their families, showed that all construction is now under roof. Among the work completed is an 85-foot pavilion. The "cook house" and rest rooms are not completed. A well will be drilled next spring.

Many Christmas Trees Are Secured Locally From S.C. Sollenberger's Plantation

One way to be certain of getting a freshly-cut Christmas tree is to have it cut to order.

Most of Pennsylvania Christmas tree growers are willing to let customers choose a tree, tag it and pick it up, freshly-cut, the day you want it. Samuel Sollenberger, Steinwehr Ave., offers such a service from his 26-acre Christmas tree plantation on the Littlestown Rd.

The Sollenberger plantation was started in 1950 with 6,500 trees which he planted on about three-and-a-half acres. It was his first experience with a tree planter, and he admits it was quite an accomplishment. He has since mastered the techniques of mass planting, and this year purchased his own planter. He cuts an average of 1,800 trees a year and replants considerably more than that each spring to compensate for the normal loss of about 30 per cent.

VARIETY OF TREES
About 90 per cent of his plant-

ings are Scotch pine, although he also grows white pine, Norway spruce and Douglas fir. He planted fir trees for the first time two years ago, and says that although they are slower to mature to Christmas tree size, they require less pruning and trimming to produce a well-shaped tree. Scotch pines will reach a height of five feet in six to seven years, while the fir trees require about 10 years.

Contrary to what is believed by many to be a popular trend, less than 15 per cent of Sollenberger's requests are for table-size trees of less than four feet in height. The remaining 85 per cent are for trees of five to seven feet in height.

Normally he begins to cut trees in quantity about December 1, although this year the bulk of trees will be cut between December 10 and 12. Nearly all of Sollenberger's trees are cut for retail distribution within a radius of 50 miles.

YOUTH BLAMED FOR FATAL CAR CRASH NOV. 24

Ronald Francis Winarski, 19, Nanticoke, was charged by state police from the Gettysburg substitution with involuntary manslaughter Friday evening following a coroner's inquest into the death of John J. Hanlon Jr., fatally injured in an auto crash two weeks ago.

The charge was filed before Justice of the Peace Robert P. Snyder where Winarski was arraigned before being taken to the Adams County Jail. Today he was returned to the Luzerne County prison where he faces car theft charges.

The coroner's jury named Winarski as the driver of the car in which Hanlon was a passenger that crashed into a tree at the William Wilkinson property south of Table Rock about 8:10 a.m. on November 24. The verdict said the pickup truck the youths had stolen near Nanticoke apparently was being driven at a high speed and that Winarski was "in no condition to drive a motor vehicle" because of the amount of beer he had consumed.

DRANK 20 QUARTS
Testimony was not clear but it indicated that Winarski, Hanlon and a companion, Stanley Calabro, 18, who did part of the driving, had consumed 20 quarts or more of beer from some time during the preceding evening until the time of the accident.

Winarski, asked what he thought caused the accident, said on the witness stand: "I guess it was the beer." He said he had no idea how much beer he had drunk but said he was "just drinking." Calabro had testified earlier he "did not think any of us was in good condition to drive."

Both Winarski and Calabro were warned about their constitutional right to refuse to testify and were told that any testimony they gave could be used against them in court. The inquest was conducted by Dr. C. G. Crist, Adams County Coroner, with District Attorney Daniel E. Teeter taking part in the questioning.

STOLE 2 VEHICLES
Although their stories varied in detail, Winarski and Calabro recounted an evening of drinking beer in a Nanticoke bar, the theft of a car which broke down, the theft of the pickup truck that figured in the fatal crash here and of intermittent beer drinking during the night and Saturday morning.

Drowsy drivers and hazy recollections about the whole trip were part of the testimony that told of the truck running off the road several times with Winarski at the wheel and of warnings by Calabro "not to drive so fast."

Calabro and Winarski ran off the road several times and scraped curbs as they drove through towns neither could identify. They said they were headed for Maryland but Calabro said: "I don't know why we ever started on the trip."

Hanlon, who was riding on the side of the truck that hit a big tree at the Wilkinson home, seven and a half feet from the edge of the road, never was able to give police a statement. He died early the morning of November 26 in the Warner Hospital.

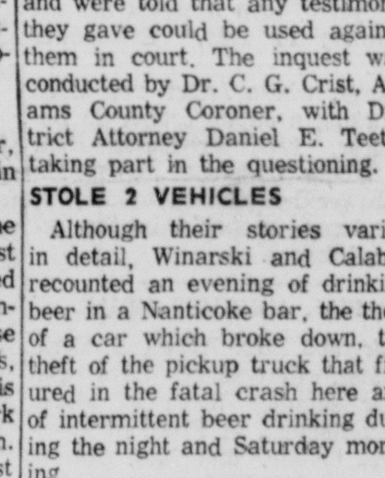

READS STATEMENT
Trooper John Straka, who investigated the fatal crash, read statements taken from the two survivors after the crash. Calabro had told the officer they were hunting a dirt road "to sleep on" when the crash occurred. The officer said the force of the impact with the tree demolished the pickup truck and turned it around. Calabro was thrown over the driver. He said the truck had run 212 feet along the side of the road before hitting the tree.

HAD SERVED TIME
First witness was C. Robert Ziegler, coroner's office photographer, who identified pictures he had made of the scene of the crash and the wrecked truck. Andrew Flickinger, 86, who lives near the scene of the crash, said the truck had passed his house at "60 miles an hour" just before the crash. He said they were

IKE SINGS WITH CADETS

NEW YORK (AP) — Former President Dwight D. Eisenhower joined with some members of the West Point glee club Friday to render a few lines of "On, Brave Old Army Team."

The singing started as Eisenhower and Colin P. Kelly III of Upper Providence, Pa., posed for pictures at the National Association of Manufacturers luncheon.

Eisenhower was there to speak, Kelly as cadet in charge of the West Point Glee Club. Later, Kelly dedicated a selection, "The Corps," to the former president.

During his speech, Eisenhower praised Kelly for winning appointment to the academy on his own merit even though as the son of a war hero the appointment was assured.

"If this same spirit and attitude is indicative of the great mass of our youth, then America has nothing to fear," Eisenhower said.

Kelly, whose father was killed attacking a Japanese cruiser in December, 1941, graduates from West Point this June. He told Eisenhower he planned to stay in the Army, probably in the armored forces.

ORRTANNA — The monthly meeting of the Study Class of the Women's Society of World Service of the Mt. Carmel EUB Church met Tuesday evening with the Rev. and Mrs. Alfred K. Gotwalt at the parsonage. The chapter "That They May All Be One" was studied with these members taking part: "The Vine and the Branches," Mrs. Dale Wetzel; "Joy and Continuous Relationship," Mrs. Clyde Metz and Mrs. Gotwalt; "The Christian Life Is Affirmative," Mrs. Paul Wetzel and Mrs. Clair Robert; "The Church and the World," Mrs. J. E. Spence and the Rev. Mr. Gotwalt. The program closed with prayer by the Rev. Mr. Gotwalt. A social hour and refreshments followed.

Herbert W. Wetzel has returned to Woernersville after a hunting trip in this area and a visit with his parents, Mr. and Mrs. Dale Wetzel.

The Women's Society of World Service of the Mt. Carmel EUB Church will meet in the church hall Monday when a covered dish meal will be served. Each member is to bring her own table setting. Names of prayer partners will be revealed and new names drawn. There will also be an exchange of gifts.

Mrs. George Haines will be the leader of the worship program following a brief business meeting after the meal.

The Margaret Donaldson Class of the Methodist Church will meet Wednesday with the teacher, Mrs. Mary Tressler, as hostess at her home at 7:30 o'clock.

The Friendship Circle Class of the Methodist Church will meet in the church hall Wednesday. There will be a covered dish supper when members of the families will be guests.

WASHINGTON (AP) — Allegany and Piedmont Airlines have asked the Civil Aeronautics Board for authority to offer foreign visitors a \$99 ticket permitting unlimited travel, during a 30-day period, over their combined route.

Allegany serves several key northern cities, including Philadelphia and Pittsburgh.

LANCASTER, Pa. (AP) — Mrs. Mary Kelly Whish, 35, has become the first woman lawyer admitted to the bar in Lancaster County in 35 years. Mrs. Whish, who was sworn in Friday, is the wife of a business executive and mother of a two-year-old daughter. The woman was an attorney for five years in her native Pittsburgh.

JAILED AND FINED

Edgar M. Wood, Biglerville, was sentenced to 15 days in jail and fined \$75 by the Cumberland County court Friday at Carlisle on a charge of driving while under the influence of intoxicants.

CITY MANAGER ARRESTED ON BRIBERY COUNT

NEW YORK (AP) — Joseph McD. Mitchell, the Newburgh, N.Y., city manager who gained nationwide prominence by applying stringent welfare rules there, was arrested Friday on bribery charges.

"I am confident that the facts will conclusively establish my innocence of all the charges that have been made against me," Mitchell, 40, said in a statement preceding his appearance in Manhattan Criminal Court today.

Mitchell was arrested in Newburgh Friday by detectives from Manhattan Dist. Atty. Frank S. Hogan's office. He was accused of asking \$20,000 from two Monticello, N.Y., real estate men — twin brothers — to rezone property they owned in Newburgh.

TWO ARE ARRESTED

Also arrested in the case was Lawrence J. DeMasi Jr., 42, of Lyndhurst, N.J., accused by Hogan of being the go-between in accepting the money.

DeMasi, who runs a real estate and insurance agency in Hillsdale, N.J., was picked up by Hogan's men Friday in a midtown Manhattan hotel after he purportedly took the \$20,000 there from twin brothers Stephen and Joseph Wahrhaftig.

Mitchell, after his arrest at Newburgh's city hall, was brought to New York where he and DeMasi were booked Friday night on charges of asking, receiving or agreeing to accept a bribe, taking unlawful fees—both felonies—and conspiracy, a misdemeanor.

Mitchell was released in \$10,000 bail.

Next year's operating budget provides \$4,000 toward a new building fund.

SEEK SCHOOL GIFTS

The library service demonstration project will operate on a separate \$24,300 budget next year, making use of federal funds to be provided.

Dr. Hewetson reviewed the 1962 as compared with spending. He said that the library is close to its budgeted figures except for donations from schools which are short of the expected. Franklin Township, Littlestown and Lower Adams districts are being asked to make their payments before the end of the year, he said.

The board agreed to send several staff members to a workshop on reference service to be offered at the Harrisburg Public Library for library assistants, starting in January.

9,077 BOOK LOANS

The directors agreed that the library shall be closed on December 24, 25 and 26 and on December 31 and January 1.

The monthly report of the librarian, Mrs. Mary S. Wilson, showed 9,077 book loans in the last month, 4,970 of them at the main library and 3,044 through the schools. The bookmobile traveled 240 miles last month.

Mrs. Wilson reported a \$5 donation from the Women of the Moose and \$9.77 from the children of Mrs. Collins' kindergarten.

President H. Thomas Pyle presided at the meeting with these directors in attendance: Mrs. Schubart, C. P. Keefe, Roy Hammond and Dr. Hewetson.

off the side of the road at that point.

William Wilkinson told of the "explosion-like" noise of the crash. He called the ambulance and state police. He quoted Calabro as saying, "I asked him not to drive so fast."

Calabro, who said he never had a driver's license, admitted he served 10 months for car theft. He told of stealing the pickup truck near Nanticoke and of driving until dawn when Winarski took the wheel.

NO DRIVER'S LICENSE

Calabro, who admitted driving 60 and 70 miles an hour while he was at the wheel, said he had two quarts of beer and two glasses before leaving Nanticoke, but denied he had been drinking on the road. They brought "about 20 cans" of beer along on the truck and police found three unopened cans after the wreck. He said Hanlon and Winarski had been drinking enroute.

Winarski, who said he never had a driver's license but had driven in the Army, admitted serving 11 months for robbery, had no recollections of the crash and said he had a head injury. Pressed by the district attorney, he thought some of the "booze" they brought along had been stolen off a beer truck. "I drank while Stan drove and then I drove cause he got sleepy," Winarski said. He remembered Calabro's warning about going slower and running off the road. Winarski said he thought the truck's brakes were pulling him to the right.

Husky Gunman Gets \$14,310 In Robbery

PITTSBURGH (AP) — A husky gunman robbed \$14,310 from a Pittsburgh bank Friday night. After running from the bank, the robber commandeered the auto of a passing motorist and drove off.

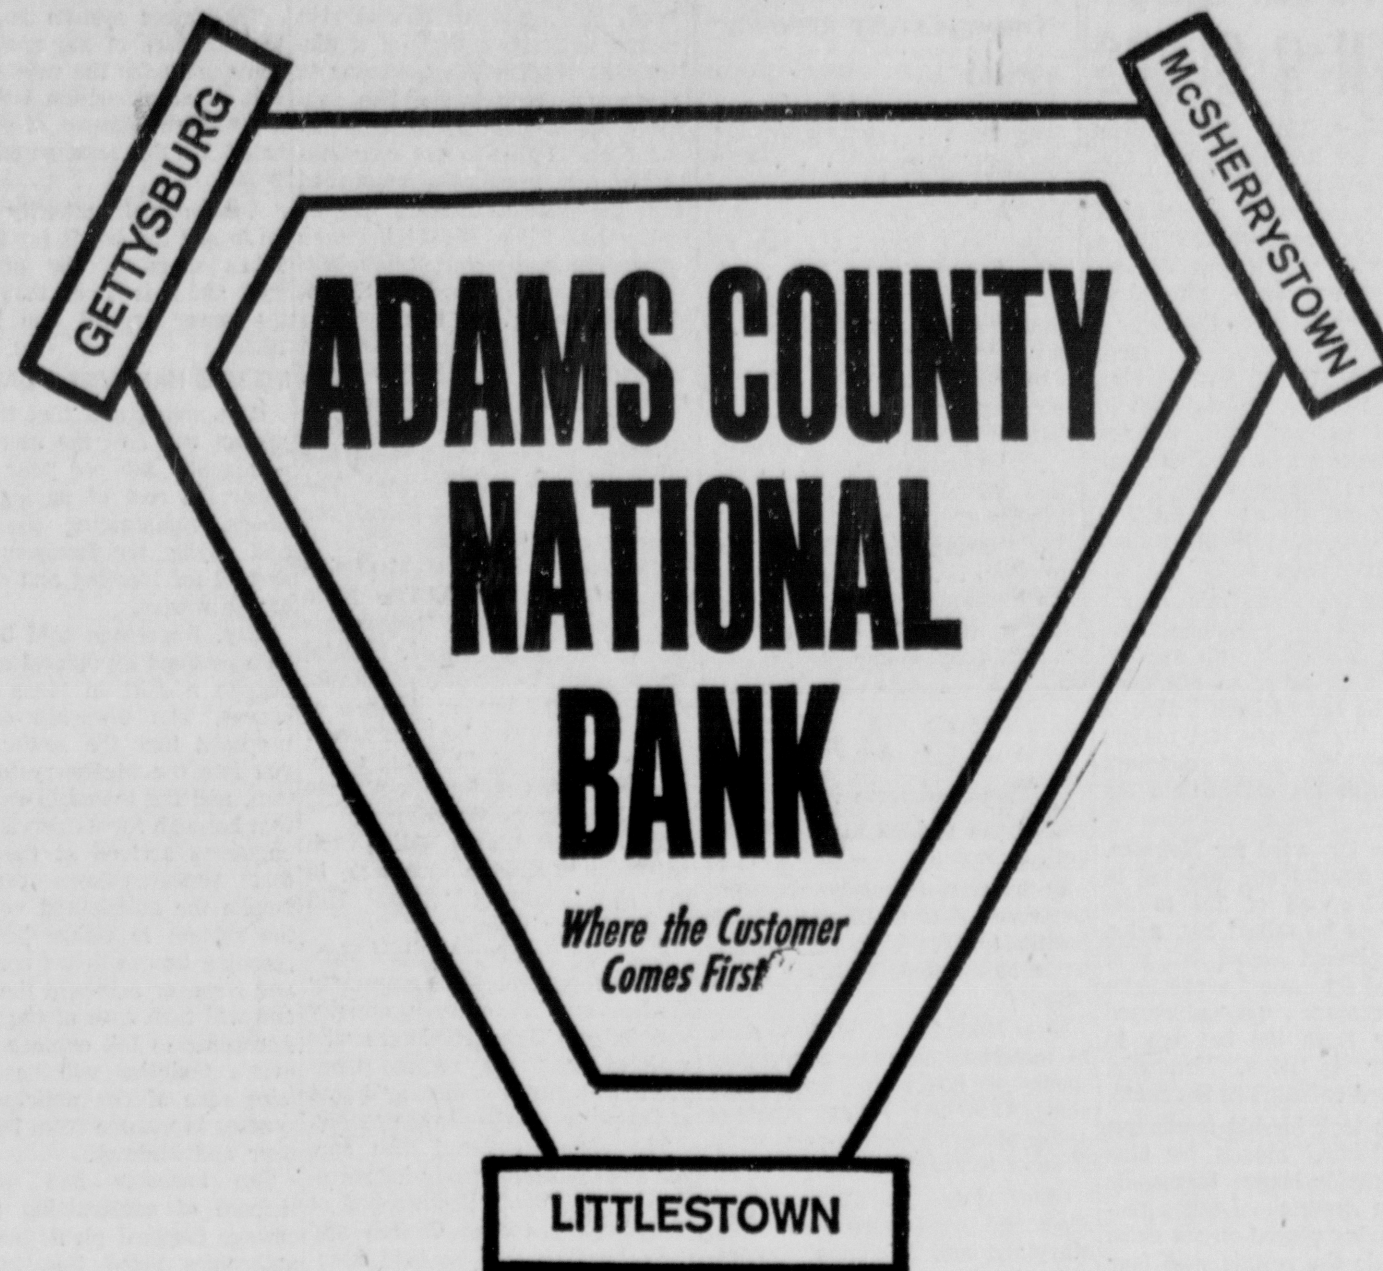

The gunman, about 55 years old, held up the Workingman's Savings branch of the Mellon National Bank & Trust Co. on the North Side.

Clutching a revolver, he ordered a teller to hand over the money in his drawer. The thief stuffed a stack of bills into a paper bag and fled.

SON STILLBORN

A son was stillborn to Mr. and Mrs. Frederick Markle, Taneytown R. 2, at the Warner Hospital Friday evening.

Couples Mark Anniversary Of Wedding In 1907: Mr. and Mrs. Luther M. Wetzel, Ottantina R. 1, and Mr. and Mrs. Harman H. Spence, Ottantina, who were married at a double wedding in Fairfield 45 years ago December 7, observed the event with a dinner for the two couples Sunday at Basehor's Restaurant, Littlestown.

The couples had driven to Fairfield by horse and buggy in 1907 for the double ceremony performed by the late Rev. C. L. Ritter, then pastor of Zion Lutheran Church at Fairfield.

Mrs. Spence and Mr. Wetzel are brother and sister, children of Mrs. Anna M. Wetzel, Biglerville R. 2, and the late John M. Wetzel. Mrs. Luther Wetzel is the former Miss Ann Baltzley, daughter of the late Samuel L. and Harriet Lady Baltzley. Mr. Spence is a son of the late H. L. and Lucy Bowman Spence.

Mr. Wetzel is a farmer and fruitgrower and Mr. Spence, a post office employee for the past 43 years, has been employed in the Gettysburg postoffice for the past 28 years.

Mrs. Wetzel has served as Ottantina correspondent for The Gettysburg Times since 1919. Her wedding anniversary that year led her selection as correspondent. She wrote to the newspaper of the event. The newspaper, seeking a correspondent in that area, wrote back thanking her for the story, congratulating her on the anniversary and asking if she would serve as correspondent. She has written of the doings of the Ottantina area ever since.

Mr. and Mrs. Wetzel have four sons, Paul, Dale and John Wetzel, Ottantina R. D., and Kermit, Solley, Md., and five grandchildren. Mr. and Mrs. Spence have one daughter, Mrs. Charles Lightner, Gettysburg, and two grandchildren.

Part Of Battlefield Is Closed To Protect Deer: The Gettysburg National Park office today closed to the public large sections of the wooded portions of the battlefield, in what Dr. J. Walter Coleman, superintendent, said was an effort to prevent hunters from driving deer out of the battlefield area onto private land where they could be shot.

Dr. Coleman said that the woods in the Big Round Top area, and the Pitzer, Biesacker and Sandler woods adjacent to W. Confederate Ave. will be closed until the close of the current hunting season, and no one allowed to enter or cross these woods.

The action followed reports that "drivers" were parking their automobiles on battlefield avenues near the woods and "scaring" the deer onto private land where others, armed with rifles, could shoot at them.

Dr. Coleman said an illegal (spike) buck was found shot in the woods near Big Round Top last Friday. It was turned over to Game Protector Leo Bushman. He said park regulations make it illegal for anyone to have a weapon in his possession on national park lands, or to frighten or molest wild life.

Peters Funeral Home, Carlisle Street, Is Opened To Public 3 Days This Week: Opening of the Peters Funeral Home, 321 Carlisle St., was announced today by Donald T. Peters. The home will be open for inspection Thursday and Friday from 7 to 9 p.m. and on Saturday from 4 to 9 p.m.

Renovation of the former Saby residence, purchased by Mr. Peters last November, was recently completed with the construction of an addition to the building and changes of the interior to convert the structure from a residence into a modern funeral home.

Mr. and Mrs. Peters reside in an apartment on the second floor. Baby Shoe Co. In New Plant: The Bloser Baby Shoe Co. has closed its former plant on E.

Today's Talk

APPRECIATION

Appreciation is the salt that savors the work and life of the world. Without appreciation for what we do and without appreciation for what is done for us, the merest task would become a burden and the sunshine would go down out of the hearts of people.

Express your appreciation.

Appreciation is often withheld for fear of an advantage being taken of it. Nothing could be more foolish. Such a man takes advantage of himself. Appreciation acts like oil on the dry, worn parts of a machine. It starts off everybody and everything with keeps things running smoothly. Also it saves wear.

Express your appreciation.

People waste away, render but half service, and finally drop back in the race simply through a lack of appreciation. Appreciation is not only one of the most powerful tones on earth — it's an actual necessary food. Without it no one partakes of a balanced diet.

Express your appreciation.

If you are an employer and one of your helpers does good work, tell him or her so. And if you are a helper and your employer encourages you on, tell him or her so in thanks and increased service. Appreciation stirs and stimulates. It goes to a man's or woman's soul as an electric current to the sensitive nerve centers.

Express your appreciation.

Appreciate the chance to live. Appreciate your health, your home, your father and mother, your friends, your opportunity. Some of these you may not have. But appreciate what you do have — and greater gifts will hourly be added.

Middle St. and moved to its new factory building on W. Middle St. near West St.

David Bloser Jr. said that the business of the company has so increased that additional space was necessary, and that the new factory provides 6,600 square feet of floor space, compared with 2,300 in the old building. Some of the old equipment and machinery have been moved and additional new machinery purchased and installed. Production, Mr. Bloser said, has been increased from 700 to 1,000 pairs of shoes per day.

The company manufactures infants' soft-soled and intermediate shoes. There are 15 employees at present. Mr. Bloser and his son, David Bloser III, are partners in the firm.

Phone Boost Is Felt Here:

Rates for telephone calls from Gettysburg to many Pennsylvania points have been increased by the new schedule of toll rates which the Bell Telephone Company of Pennsylvania has filed with the Public Utility Commission. The new rates include: Gettysburg-Harrisburg, 35 cents; Gettysburg-York, 30 cents; Biglerville-York, 30 cents.

John Caldwell, Gettysburg district manager for the United Telephone Company reported that there is no change in rates on calls to inter-state points or on calls handled strictly within the United Telephone system. Caldwell said that United toll rates have with few exceptions been unchanged for over twenty years and are now generally from five to ten cents below the standard currently being applied to both inter- and intra-state telephone messages.

Equip Littlestown Trucks With Radio: Littlestown fire trucks, to be numbered 29 and 30 in the countywide civil defense radio hook-up, were outfitted Tuesday with two-way radio sets at the local fire engine house by RCA engineers.

Better results than had been expected were reported on the installation of the radio set in the Fountaineale fire truck Monday.

The firemen were able to send and receive perfectly from directly in front of the Fountaineale fire house, as well as at other locations in the mountains nearby. It had been feared that the "hollow" in the mountains in which the Fountaineale fire house is located would prevent effective operation. However, the Fountaineale group "talked" with the Gettysburg central station from points beyond Blue Ridge Summit as well as at the Fountaineale firehouse.

VETERAN BOBO NEWSOM DIES; WITH 9 CLUBS

ORLANDO, Fla. (AP)—Bobo Newsom, the roly-poly nomad who changed uniforms 26 times during a flamboyant 25-year baseball career in which he ultimately wound up a loser, died Friday at 55, less than 10 years after he pitched in his last major league game.

The affable South Carolinian, born Louis Norman Newsom on Aug. 11, 1907, got a late start in organized baseball with Raleigh of the Piedmont League some 21 years later. But he made up for that. Not until the end of the 1933 season did he step off the mound for the last time.

In between, Newsom's career was marked by a well-balanced ledger equally filled with achievements and failures, an elongated card in the record book listing 18 teams in the minors and majors and some newspaper clippings dealing with his off-the-field antics.

Big was the word for Newsom. He stood 6-foot-3 and weighed in the neighborhood of 220 to 240 pounds. And he talked big, acted big—and pitched almost that well. He pitched for almost every team in the majors and addressed everybody from the bat boy to the owner as Bobo. Naturally, they started calling him the same.

Newsom took his big frame out to the pitchers' mound for nine different major league teams—he shares the American League record by having played on six clubs—and made the rounds with four teams 11 times.

He was with the Washington Senators four different times, played for the St. Louis Browns on three occasions and shared hotel space with the Brooklyn Dodgers and Philadelphia Athletics twice each. He also spent some time with New York's Giants and Yankees as well as with the Detroit Tigers, Boston Red Sox and Chicago Cubs.

Newsom finished at Philadelphia in 1933. He won 20 games three times, with St. Louis in 1938, St. Louis and Detroit in 1939, and Detroit in 1940. He matched that by losing 20 in 1934 with St. Louis, in 1941 with Detroit and in 1945 with Philadelphia.

His best year was with the Tigers in 1940 when he helped pitch Detroit to the American League pennant by posting a 21-5 record. Newsom's death was attributed to cirrhosis. He died while a patient at an Orlando hospital.

Survivors include the widow, Ruth, a daughter and a son. Funeral arrangements were in complete.

FROM HEP KITCHEN WINDOW

My kitchen window's small, but I can watch the season's swinging by.

The branches of a maple tree
Are always waving back at me.

At breakfast time in early spring
I've seen the first green feathering.

Here to the kettle's cheery hum
I've seen the first red robins come.

And standing here to make a pie
I've watched them teach their young to fly.

For many an hour all summer long
I've had the benefit of song.

At autumn time of red and brown
The tree has donned a lovely gown.

I've seen the leaves go drifting by
Like butterflies, too cold to fly.

And then I've seen the winter drape
Those branches in a silver cape.

Oh, I have but to lift my eye
To see some splendor passing by.

Rens And Steers Cut Chiefs' Lead To 2

By THE ASSOCIATED PRESS

The Pittsburgh Ren. and the Kansas City Steers have moved to within striking distance of first place in the American Basketball League.

The Rens and the Steers both posted victories Friday night and cut the pace-setting Long Beach Chiefs' once-imposing lead to two games. Pittsburgh turned back the Chicago Majors 94-91 and Kansas City whipped Long Beach 113-90 in the only games played.

Pittsburgh and Kansas City are in a virtual tie for second place but the Rens lead by percentage points. Long Beach's won-lost record is 11-3, Pittsburgh is 7-3 and Kansas City 10-6.

"THE GREATEST REWARD"

Rewards have many shapes and forms . . . each is a recompense . . . for something done for someone . . . who needs our confidence . . . we're paid by our employer . . . for a job well done . . . just as we, in turn, must pay . . . someone for our fun . . . a tender smile, a gentle kiss . . . are given in return . . . for each bit of kindness . . . to the hearts that yearn . . . to list all the rewards would be . . . impossible to do . . . for they would be unending . . . if passing in review . . . but the greatest reward life has to give . . . perhaps is the least understood . . . and that is the wonderful feeling . . . we gain by doing good.

and wasn't opened to new traffic until 11:30 p.m.

In western Pennsylvania, Mrs. Gertrude Hixon, 25, of R. 1, Seftdale, gave birth to a daughter in an automobile stalled in the snow.

Near Moundsville, W. Va., some 25 motorists and bus passengers spent 24 hours in farmhouses along U.S. 250 before rescuers could plow through seven miles of snow to reach them.

Other states hit by the heavy snow and wind were New York, Maryland and Michigan. Tennessee, Kentucky and Virginia also had snow.

A layer of snow up to two feet deep covered southwestern New York as the aftermath of a storm that closed schools, disrupted traffic and brought three deaths.

In Ohio, Cleveland was partially paralyzed, with more than 15 inches of snow — its worst snowstorm in 12 years. All schools and many businesses were shut down. The Cleveland Electric Illuminating Co. worked to restore power to thousands of homes cut off by fallen power lines. At the height of the storm, 40,000 homes were without power, the company reported.

Brunswick, a small community less than 20 miles southwest of downtown Cleveland, was isolated. With telephone service out, Mayor Carl Miller declared a state of emergency.

YORK LOSES BASEBALL TEAM

READING, Pa. (AP)—The York franchise in the Class A Eastern Baseball League will be moved here next year and be operated under a full working agreement with the American League Boston Red Sox, it was announced Friday.

Joe Buzas of Alpha, N.J., who operated the York franchise the past year, said he had signed a two-year contract for lease of Reading's modern Municipal Stadium, with an option to renew for two years.

Reading dropped out of the league last year after operating from 1953 to 1961 under the Cleveland Indians. The Indians moved their franchise to Charleston, W.Va.

York has reportedly been offered an agreement by the Washington Senators and is expected to accept soon.

If it does, the lineup for next season will be York, Binghamton, Elmira, N.Y., Charleston, Springfield, Mass., and Reading, the only newcomer.

tary school in the Midway area. The sewer system is designed to take care of the needs of the community for the next 40 years, with its construction based upon a projected increase of population based on the anticipated rate of growth.

A municipal authority will set up to sell the bonds for the township's share of the anticipated cost, and it is hoped that work on the sewer project can begin in 1963.

TO USE HANOVER PLANT
It is anticipated that the sewer project will cost the users in the community \$50 per year each to cover the cost of paying off the bonds, maintaining the system and paying the Hanover sewage system for treating and disposing of the wastes.

Atty. Hagerman said the township retained its federal allotment despite a shift in plans in mid-course. The township originally proposed that the sewer system run into the McSherrytown system, and the township would pay that thorough for its service. When engineers arrived at the opinion that McSherrytown could not handle the anticipated volume of the system in future years, the planning was switched completely and Hanover accepted the system and will take care of the sewage. According to the engineers, Hanover's facilities will be able to take care of the anticipated increases in volume from both Hanover and Midway.

The township had originally thought of constructing its own sewage disposal plant, but health authorities noted that both McSherrytown and Hanover have their sewage disposal plants in Conewago Twp. and objected to a third being placed there.

Warriors Crush Newport 73-38 On New Gym Floor; Jayvees Triumph 34-11

Gettysburg High School dedicated its spacious new gymnasium and made its debut in the Blue Mountain League by completely outclassing Newport 73-38 in opening its season here Friday evening before a near capacity crowd of about 1,000.

After a slow start which saw both teams blow many scoring chances, the Warriors began to pick up steam midway in the second quarter to take a 36-17 lead at half time and thereafter it was strictly no contest as the taller Warriors took almost complete command.

Coach Merrill Eckart, making his debut as head coach, employed his entire squad and of the 13 players, 11 broke into the scoring column.

BUFFALOES FADE

Newport led the lead briefly three times at 2-0, 7-6 and 11-10, the latter which came in the first half minute of play of the second quarter. Thereafter it was all Gettysburg.

The Warriors led 10-7 at the end of the first period after slipping behind early in the second period zoomed ahead on an 11-point outburst by Eddie Tilberg who was landed by Bob Deitz with n.e. Dave Jones and Eddie Tilberg each contributed three in the big second frame.

Paul Olson's goal to open the second half, a goal by Deitz, foul by Longenecker and another goal by Deitz gave the Warriors a string of 19 straight points carrying over from the second period and it was finally stopped on a foul Jim Zeiders of the Buffaloes to make the score 45-18 after two minutes of the third quarter which ended 53-26.

Eckhart began pouring his reserves into action and a number showed considerable promise by continuing with some fine play.

Zeigler topped the Warriors with 21 tallies and Deitz netted 19. Glenn Jones paced the losers with 21.

ELECT LONGANECKER

Prior to the game the Warrior squad elected Johnny Longanecker, a senior, to be captain for the season.

Earl Little's reserves also breezed through to an easy 34-11 triumph in the preliminary with Mike Krick paving the way with 16 points.

The Warriors, who snapped a 14-game losing streak from last season with the triumph, will travel to Boiling Springs for another game league Tuesday evening.

E. PENNSBORO TOPS CANNERS

Minus the service of their big man, Phil Pitzer 6-3, the Biglerville High dribblers dropped their opening Blue Mountain League game Friday evening at East Pennsboro 58-42. Pitzer has been sidelined due to an ankle injury.

East Pennsboro took a 14-8 lead in the first period and then opened the gap to 37-24 at half time via a 23-point outburst in the second quarter. The teams played to even terms throughout the last half.

Scoring was evening divided for the Canniers with top men being Bob Bream and Rod Guise with nine tallies each and Leroy Wetzel with eight. Tom Fry led the Tigers with 19.

The East Pennsboro reserves also took the preliminary 38-14. Biglerville, now 1-1 overall, will play at Camp Hill next Tuesday in another league game.

SYRACUSE AT UCLA IS TOP TUSSLE TODAY

By BOB GREEN

Associated Press Sports Writer College football's regular season ends and the bowl business begins today with at least two titles carrying national labels up for grabs among the smaller schools.

The visit of Syracuse to UCLA is the only regular season game—and the last one—on schedule.

It will serve as the nightcap to a national television (CBS-TV) doubleheader. The opener features the National Football League game matching Baltimore and Washington, with the Redskins struggling to stay in the running for the No. 2 spot in the East and the Playoff Bowl Jan. 6 in Miami.

CAMELIA BOWL

Two of the nation's 15 unbeaten, untied teams will battle for the National Association of Intercollegiate Athletics championship in the Camelia Bowl at Sacramento, Calif., while the mythical national title for Negro schools will be on the line in Miami's Orange Blossom Classic.

Central Oklahoma State, 10-0, and Lenoir Rhyne, 11-0, will play for the NAIA national title while defending champion Florida A&M plays Jackson, Miss., State, 9-1, for the Negro title. Florida A&M, 9-0 this season and winner of 21 straight, won the national small college title in the final Associated Press poll of the season, Central Oklahoma State was No. 3 and Lenoir Rhyne No. 5.

OTHER GAMES

There is little at stake in the UCLA-Syracuse contest. Each takes a 4-5 record into the game, with Syracuse a slight favorite.

Lenoir Rhyne of Hickory, N.C. will be seeking its second NAIA title in three years in the match with Central Oklahoma State. Each team features a strong running game, Lenoir Rhyne out of a single wing and the Edmond, Okla. team from a split-T.

Florida A&M and Jackson State are meeting for the second straight year in the Orange Blossom Classic, won by Florida A&M 14-8 last season.

GRIFFITH IS FAVORED TO RETAIN TITLE

By BOB MYERS

Associated Press Sports Writer LAS VEGAS, Nev. (AP)—Emile Griffith of New York risks his world welterweight title tonight and will enter the ring as a solid favorite to retain it against Jorge Fernandez of Argentina.

A crowd of around 6,000 is expected to attend the 15-round fight in the Las Vegas Convention Center, and television fans around the nation can see it via the ABC network, starting at 10 p.m., Eastern Standard Time.

For Griffith, a 23-year-old native of the Virgin Islands, this will be the second defense in his second reign over the 147-pound division. Fernandez, 27, can view his chance as the climax of more than two years of effort to get Griffith into the ring again.

BEATEN TWICE

In 1960, the then little known Griffith twice outpointed the Argentine, the first time on a controversial split decision, the second by unanimous verdict. Both were 10-round fights staged in New York.

The betting people in this community like Griffith by odds of 12-5. To some observers, the margin seems a little hazardous.

Fernandez is a veteran of 81 fights. He has lost but five and claims to have knocked out 51 opponents.

Griffith, who regained the championship with his fatal 12th round knockout over Benny (Kid) Paret in New York last March, retained the title on a 15-round decision in Las Vegas July 13 over Ralph Dupas of New Orleans.

the opening game 25-17.

Fairfield will meet York County Day School on the latter's floor Monday.

BEAVERS BOW TO SEATTLE IN UPSET BATTLE

By MIKE RATHET

Associated Press Sports Writer Now that Seattle has cut seventh-ranked Oregon State down to size, the losing Beavers may have to cut 7-foot Mel Counts in two.

Watching coach Amory Slat's Gill send his Oregon State basketball team through a workout recently, a rival coach noticed the speed and agility of a smaller man and suggested, "Cut Counts in half and Gill wouldn't have a bad pair of guards."

It was that weakness—partially caused by the absence of football star Terry Baker—which enabled Seattle to upset the Beavers 60-58 Friday night on a last-minute field goal by sophomore Charlie Williams.

BAKER IS REGULAR

Baker, an All-America and Heisman Trophy winner, is a regular for the basketball Beavers, but currently is preparing to quarterback Oregon State's football forces against Villanova in the Liberty Bowl at Philadelphia a week from today.

Counts collected 31 points—13 in a row at the start of the second half—but it wasn't enough. Meanwhile, top ten hopefuls Colorado and Marquette cruised to easy triumphs. Butler, Tulsa and Creighton furnished the night's other surprises and Nick Werkan of Seton Hall and NYU's Barry Kramer supplied some point-scoring pyrotechnics.

Colorado's defending Big Eight Conference champions held taut Walt Hazzard to four points, got 19 from Ken Charlton and blasted UCLA 82-60. The Warriors subdued Texas Western 77-65 as Dave Erickson and his relief, John Stone, both scored 16 points.

MICHIGAN LOSES

Butler beat Michigan 70-69 when Wolverine Bill Buntin was charged with goaltending on Jerry Williams' shot with 4 seconds left. James King scored six of the last eight points on foul shots as Tulsa knocked off Purdue 73-65 and Creighton collected 14 consecutive points during one stretch of a 52-34 walloping of St. John's, N.Y.

Werkman, who wound up third in the major college scoring derby with a 33.0-average last season and is favored to take the crown with Utah's Billy McGill and Holy Cross' Jack Foley graduated, scored 42 points in the Hall's 75-57 pasting of Loyola of Baltimore.

Kramer led NYU's eight-man squad, which this week lost leading scorer Happy Hairston and previously had been deprived of Clem Gaillard, Tom Boose and Don Blaha, to a 85-65 opening decision over Georgetown with 42 points. It was the Violets' 600th victory.

In other major games, Southern California defeated Meiji Univ. in Hawaii 130-71, Oklahoma City topped Brigham Young 79-71, Centenary upended TCU 64-61, Utah State beat Montana State 79-72, and Boston University edged Rutgers 90-83 in overtime.

RAMSEY PACES CELTICS TO WIN

By THE ASSOCIATED PRESS

Old pro Frank Ramsey can do most anything demanded of him on a basketball court. He can run, score, play the corners or back-court, rebound, handle the ball—just about anything you need.

One of the things he does best is come off the bench.

He did it twice Friday night, each time triggering an important scoring burst for the Boston Celtics that helped the defending National Basketball Association champions defeat Los Angeles 126-112.

Junior Halfback Gets Grid Award

SELINGSGROVE, Pa. (AP)—

Junior halfback Larry Kerstetter has received the President's Cup as the most valuable player of Susquehanna's undefeated, untied football team.

His selection for the honor was announced Friday night at the Quarterback Club dinner for the team, which has the longest winning streak in the nation of 22 straight.

Also honored were the team's only seniors: fullback John Lusko, center Tom Samuels and tackle Neil Markle.

Kerstetter, a first team selection on The Associated Press All-Pennsylvania team, went to high school in Selingsgrove, home of the university.

REDSKINS AND COLTS BATTLE THIS EVENING

By JACK CLARY

Associated Press Sports Writer The Washington Redskins, hoping to cap a Cinderella season with a second place finish in the National Football League's Eastern Conference, can't afford a stumble today when they meet the Baltimore Colts in Baltimore.

The game to be televised nationally, will launch the NFL's next-to-the-last weekend, which the Green Bay Packers can use to nail down at least a tie for their third straight Western Conference title.

The Redskins, fourth now with a 5-5 record, must win both of their remaining games and hope that the second-place Pittsburgh Steelers and the third-place Cleveland Browns lose at least once.

OTHER GAMES

The Steelers, with a 7-5 record, are in Philadelphia against the Eagles while Cleveland, now 6-5-1, plays in New York against the Eastern champion Giants.

Green Bay takes its 11-1 mark to San Francisco where a victory automatically gets at least a tie for the Western title. If the Detroit Lions, who are 10-2, lose to Minnesota, the Packers will clinch the title and set up the second straight Giants-Packers title encounter, this one in New York on Dec.

More International Units Of Vitamin A In Steer's Ration Result In Gains

By FRANK S. ZETTLE
Adams County Farm Agent

Like most other things, steer feeding recommendations are changing very rapidly. Just a few years back specialists thought a beef animal could manufacture its own vitamins if the basic ingredients were fed in the ration. Recent research indicates this is not true.

Frank S. Zettle

The most limiting vitamin appears to be vitamin A. Carotene or pre-vitamin A appears naturally in many feeds like yellow corn, hays or silage. However, the steer does not seem to be able to turn the carotene into vitamin A at a sufficient rate to meet his needs.

The addition of 20,000 international units of Vitamin A to each steer's ration per day has resulted in five to 10 per cent increased gains. So this additional Vitamin A should be included in the protein supplement feed.

COST IS SLIGHT

Fortunately, Vitamin A can be synthesized or manufactured very reasonably. It costs less than a cent a day to supply the steer's needs. This is a very reasonable cost for something that can make this return.

When ordering protein supplement, farmers should make sure it contains sufficient Vitamin A. If you plan to feed two pounds of supplement per day, the supplement should contain 20 million units of Vitamin A per ton. If you are going to feed only one pound of supplement per day, the supplement should have 40 million units of Vitamin A per ton.

UNDERSTAND RADIATION

One of the best ways rural residents have of surviving a nuclear attack is by understanding radiation and avoiding it. Any enemy attack would probably be directed against military and large industrial centers. But these areas comprise less than seven per cent of the total land areas of our country. The biggest hazard in rural areas is caused by fallout, most of which will have fallen within two days after a blast. Gamma rays and beta particles are the two most important types of radiation. Gamma rays are the greatest immediate danger as they are very penetrating and can injure living tissue. (Unless damage is too severe, the body is repaired

in time, much like a burn heals.) Man and animals can be protected by remaining under shielding materials that absorb radiation until its density decays to a safe level. Gamma rays do no damage to food and water.

CAUSE SKIN BURNS

Beta radiation is quite different. It is not very penetrating, however, it can cause bad skin burns and, if ingested, could seriously injure internal organs of man or livestock. Beta isotopes could become a food hazard.

We can protect ourselves from beta radiation by avoiding contact with radioactive dust and by keeping it out of our food and water. Regardless of the amount of radiation you might be exposed to, you yourself will never become radioactive.

MACHINES UNDER COVER

Get your machinery under cover. That's good rule to follow, because fall and winter will be whipping up some real bad weather, which is bad for machinery stored out under the old apple tree.

The more expensive machines, such as the combine, baler, corn picker, grain drills and forage harvesters should be housed under a roof.

If there is not enough machinery storage space under roof, tillage equipment, such as plows, disks, harrows and cultivators can be stored out of doors after they are thoroughly cleaned, painted, and the metal parts that work in the soil are coated with a rust preventive. Then cover them with a piece of plastic sheeting, which will provide satisfactory storage until they can be placed under roof.

RED CROSS AIDS GUAM VICTIMS

ALEXANDRIA, Va.—American Red Cross relief to Guamanian victims of Typhoon Karen, which struck the island November 11, has passed the \$100,000 mark, according to C. Milton Jackson, director of disaster services in Eastern area and presently director of a 37-member Red Cross disaster relief team on Guam.

Over 1,460 families have already applied to the Red Cross for assistance since the passing of the emergency phase of the disaster and, of these, 1,257 families have already received aid, Jackson said.

over 2,000 welfare inquiries which have poured into the town island from all around the globe. Ten thousand Junior Red Cross gift boxes and 143 school chests donated by Red Cross youth in high schools were sent to the island. Some 36 of these school chests came from chapters in eastern area. An estimate for the cost of the Red Cross recovery program is about \$2,000,000.

Red Cross is now launching a program to help the Guamanians repair homes damaged by the storm. National headquarters said that 6,000 families had their homes destroyed or damaged, and half of these families may need Red Cross assistance with their recovery. The repair program is for those families lacking financial resources of their own to do the job. The Red Cross will provide the building materials for the home repairs and replace essential household furnishings.

Government zoning and ordinance regulations are in the process of change making the rebuilding of destroyed homes impossible at this time. Guam and federal government authorities, however, are moving swiftly on long-range plans for necessary new construction. The government is supplying temporary housing for those families who lost homes. Over 35,000 persons were fed in an emergency mass care program carried on by the Red Cross and military authorities, following the storm.

You may be able to obtain extremely large (15 to 20 to the pound) prunes in a specialty food shop. These are wonderful cooked in red wine with sugar added to taste after the prunes are tender but still hot. Serve these huge prunes as a company dessert topped with whipped cream and a sprinkling of crushed macaroons.

Choose "Just Right" Gift For All On Christmas List

MRS. HELEN D. TUNISON
Extension Home Economist

Take time to choose a "just right" gift for everyone on your Christmas list. The "just right" gift of clothing is perfect all around — it suits the receiver's taste and fits well.

Keep in mind each person's favorite colors in clothing. The most becoming color is your best buy. Be careful to choose a fabric you think the receiver will like. Consider texture and design when you choose a fabric.

If you're planning to buy stretch socks for men or boys, find out the weight and height of sock each prefers. Some men like smooth socks and others like bulky ones.

Know a woman's shoe preferences before you buy shoes as her gift. Shade, style, and weight of shoes are important to most women. Hosiery size is based on foot size. If you know a woman's shoe size, the sales clerk can give you the right size shoe. Remember hose comes in proportioned lengths to suit short, medium and tall women. Buy the length that is most appropriate.

USE JUDGMENT

Use your best judgment when you select ties for men and boys. Keep in mind their age and preferences.

Find out the correct size for the garment you're planning to buy. The correct size gift is most appreciated by the receiver and makes giving more enjoyable.

If you're unable to find out the correct size, buy the size you think is right and tell the receiver where you bought the gift so he may return it and get his size. Be sure to remind him to make returns during the week after Christmas. Not only is this good business procedure — the selection of garments is at its best.

CLUE TO QUALITY

Look for labels on the coat you plan to buy. Then read the labels carefully for fiber content of the outer fabric and the lining.

Outer fabrics are now required by law to carry labels stating the fiber content if one fiber makes up at least five per cent of the total fiber content. However, the lining may not have a label stating fiber content.

A fabric labeled "wool" or "all wool" or "100 per cent wool" is made of a new fiber. "Reprocessed wool" is made from reclaimed wool that has not been used or worn, and "reused wool" is reclaimed from wool fabrics previously worn or used.

LENGTH OF FIBER

"Worsted" and "woolen" refer to the length of the fiber and to yarn construction. The long fibers of worsteds are tightly twisted and the weave is clear and definite. Worsteds, such as gabardine and wool sharkskin, are long wearing although they may become shiny with hard wear.

Woolens, made from shorter less tightly twisted fibers, are softer than worsteds and the weave is less distinct. Woolens may be napped for variety and warmth. Good quality woolens wear well and do not become baggy. Broadcloth, suede and tweed are among the popular woolen fabrics.

For long-lasting beauty, choose a closely woven coat fabric. A heavily looped texture is likely to snag and pull, and a heavily napped fabric has a tendency to become fuzzy and show wear unless the fiber is of superior quality.

AVOID FAMILY CRISES

It's not always easy to keep a jump ahead of children; neither is it easy to punish them. However, time spent in planning in-

stead of punishing is well worth it.

Children follow a pattern of growth. When a baby begins to crawl, it's logical to assume that he will walk and run in the near future. Anticipating his needs is the next step. When he walks and runs, you need to keep him safe. Planning ahead may mean building a fence around the yard before you must punish him for running in the street or highway.

Another important need for children is to touch and feel objects. This is the way children learn; it's also the way objects get broken. It's simpler to place valuable accessories in the closet or high on the bookcase than to have them broken. A cracked cup and a valuable accessory are both interesting to a child. You punish him for breaking a valuable item, but usually not for dropping a cracked cup.

In the long run, it's easier to anticipate a child's needs and satisfy them, than to punish him. Planning instead of punishing helps to avoid many of the major crises and upsets of family living.

HOMEMAKERS WEEK

Plans are underway for the 1963 Extension Homemakers Week, June 11 to 14, at the Pennsylvania State University, reports Mrs. Helen D. Tunison, extension home economist of Adams County.

At a recent planning meeting, the committee outlined a tentative program. It will include two days of special interest groups, tours, talks, informal get-togethers and a banquet. Women will live in residence halls and eat meals in dining halls on the campus.

Homemakers on the planning committee and their counties are: Mrs. Arthur W. Deemer, Box 203, R. 4, Sewickley, Beaver; Mrs. Marcus K. Sensinger, R. 1, Lehigh, Carbon; Mrs. Andrew M. Weaver, 243 Brookdale Ave., Glenside, Montgomery; Mrs. Thomas Siple, R. 2, Brockway, Jefferson, and Mrs. Ray C. Ishler, R. 2, Bellefonte, Centre.

County home economists on the committee are: Mrs. Eleanor K. Garrison, Union; Mrs. Myra L. Green, Schuylkill; Beverly D. Donley, Armstrong; Mrs. Ethel M. Streater, Jefferson; Mrs. Martha P. Chapman, Wayne.

Others on the committee include Ellen K. Garber, Mary K. Rissinger, Bette L. Goddard, Ann S. Nygaard, and Catherine E. Holt, assistant state home economics extension leaders; Mrs. Ruth J. Mozzi, foods and nutrition extension specialist, and Rose M. Cologne, division of home-community relationships, College of Home Economics of the university.

Health

Ben Franklin knew his medicine. He should have been a doctor. He preached moderation always. He was a champion of fresh air, and exercise and much bathing. He advocated inoculation, and urged preventive medicine. But he never treated himself. "I employ a physician," he said, "And submit to his orders." Franklin invented bifocal lens. Millions wear them today.

DROUGHT HIT CORN BORERS

Even the corn borers felt the effects of last summer's severe drought.

In fields checked by the Bureau of Plant Industry, Pennsylvania Department of Agriculture, borer infestation averaged 30 per 100 plants as compared to 59 the year before. Fewer stalks were infested too.

Dr. Thomas L. Guyton, bureau director, attributed most of the borer reduction to the dry weather, explaining that many of the egg masses laid by parent moths on corn plants were loosened and destroyed as the leaves curled from the drought.

He said insects introduced as parasites to war on the borers also were having some effect. He identified these parasites as a fly (Lydella grisescens) and a bee like insect (Macrocentrus gifuensis). Of 1,187 borers forwarded in 1961 to the U. S. Department of Agriculture's Corn Borer Investigation Laboratory at Ankeny, Iowa, 13.6 per cent were found to be parasitized.

George B. Slesman, bureau entomologist who directed the borer survey in 50 counties, said farmers can help to keep down borer infestation and crop losses by planting hybrids that are resistant to borer damage, and by adopting recommended management practices. Among these practices he listed: Clean plowing (turning under of all corn stalks) in fall or early spring before the moths emerge; destroying corn stubble in the field with a rotary chopper

Stricken Same Place As His Wife

WEST READING, Pa. (AP)—A retired state trooper collapsed and died Thursday night at a church where his wife was fatally stricken four months ago.

He was Maj. Edwin C. Griffith, 70, of nearby Wyomissing Hills. Other members of the St. James United Church of Christ said Griffith apparently had stopped to say a prayer when he was stricken. Last Aug. 12 his wife, Violet, suffered a stroke while teaching a Sunday school class at the church.

When Griffith retired four years ago he had been inspector for District 2, with headquarters in Harrisburg, for 10 months. Before that he had been commander of Troop C at Reading for 14 years. He is survived by a daughter, Mrs. Glen Mangus of Cody, Wyo.; and two sisters.

Services will be held at St. James on Monday.

or other machine, and by shelling crib corn in the spring to destroy borers in cobs. Mechanical pickers destroy many larvae but enough borers survive to reinfest the new crop.

Slesman said insecticides are giving effective borer control in commercial sweet corn, but that their use on the larger field corn acreage is not practical. He added that borer damage to the 1962 corn crop, while not yet computed, is certain to show another costly farm loss despite the lower borer infestation. In 1961 borer damage on Pennsylvania farms was estimated at 1,448,000 bushels of corn for a loss of \$1,767,000.

SAYS ORDERS WON'T SOLVE EGG PROBLEM

Federal marketing orders would not effectively control egg production at the present time, declares the president of the American Farm Economic Association, George E. Brandow, of University Park.

Economist with the College of Agriculture, the Pennsylvania State University, Dr. Brandow says direct production regulation of turkeys, broilers, or eggs is required for a successful marketing order. He claims an effective way of administering such a program would be difficult to devise at present, especially for eggs.

Such marketing orders are under discussion, he reports, despite the defeat of a proposed turkey marketing order last summer.

"Marketing orders will become more workable as poultry farmers become bigger and fewer — with less direct retailing," Dr. Brandow points out.

"Poultrymen may become more strongly organized nationally and more favorably inclined towards orders," he adds.

"My impression is that the most useful purpose of a marketing order would be to put a brake on the 'plungers' — those producers whose rapid expansion upsets the market," Brandow observes. "Such an order would only prevent extended periods of industrywide losses," he contends.

PARTY FEARS NEHRU BACKING DOWN TO REDS

NEW DELHI, India (AP) — Prime Minister Nehru ran into angry bursts of questioning from opposition members of Parliament Friday about diplomatic exchanges with Red China on settlement of the undeclared war over Himalayan borderlands.

The opposition expressed fear Nehru was backing down to Red Chinese demands.

Nehru was hit by the questioning after he reported the Red Chinese broke their own cease-fire the last week and in November by opening fire on Indian soldiers, killing two and possibly a third. He said three were wounded. The cease-fire went into effect Nov. 22.

Nehru went to Parliament with a long, rambling statement on developments in the borderland conflict with the Red Chinese. He said the government had been discussing the situation with the Red Chinese in diplomatic correspondence but at no other level.

Although India has ordered its consulates in Red China closed, both India and Red China maintain embassies in each other's capital and still maintain official diplomatic relations.

Defending his government's contacts with the Red Chinese, Nehru said under questioning that India has a right to carry on diplomatic exchanges with Peking.

But opposition members peppered him with questions that showed clearly they fear Nehru might be weakening on his previously announced intention to drive the Chinese from Indian territory. Government spokesmen denied this.

A Foreign Ministry spokesman said after the session there had been no compromise on Indian proposals for a Red Chinese withdrawal to positions of Indian and Red Chinese troops as of last Sept. 8. The Red Chinese want to settle the conflict along lines that would give them 14,000 square miles of disputed border territory.

Nehru said Thursday that India was continuing to build its defenses despite the cease-fire. He told reporters also that he could see no possibility of American ground troops becoming involved in the conflict, but that some advisers may be requested. Neither, he said, could be foreseen any radical changes in the arms India is requesting from the United States.

ADENAUER TO RETIRE FROM POST IN '63

BONN, Germany (AP)—Chancellor Konrad Adenauer will retire from office next fall, the parliamentary floor leader of his Christian Democratic party announced Friday.

Heinrich von Brentano said the chancellor, who will be 87 in January, made the announcement at a meeting of party executives Thursday night.

Brentano also told a meeting of the party's members in parliament the party executives had rejected a coalition government with the opposition Socialists. A new coalition with the Conservative Free Democrats, who quit the government over the Spiegel affair several weeks ago, was practically assured.

ment the party executives had rejected a coalition government with the opposition Socialists. A new coalition with the Conservative Free Democrats, who quit the government over the Spiegel affair several weeks ago, was practically assured.

Adenauer's impending retirement did not particularly surprise West German politicians. He has been under pressure for some time from his own party to relinquish the government reins to a younger man. He has been chancellor for 13 years, since the West German Republic was inaugurated.

Last year, after his party lost its parliamentary majority and had to form a coalition with the Free Democrats, Adenauer said he would retire in sufficient time before the 1965 general election to give his successor a chance to get used to his office. However, Adenauer refused to set a date for his retirement.

Authoritative Christian Democratic sources say his successor probably will be the vice chancellor and economics minister, Ludwig Erhard, known as the father of West Germany's "miracle" postwar recovery.

MEMORANDUM WAS ISSUED TO END "LEAKS"

NEW YORK (AP)—Arthur Sylvester, assistant secretary of defense for public affairs, says the purpose of his controversial October memorandum was to end news leaks resulting from "an inherent conflict" among the three armed services in budgetary competition.

He contended in a speech on Wednesday night that the Deadline Club that there has been "no diminution in the amount or type of news" from the Pentagon since restrictions were imposed Oct. 27.

Sylvester said his memorandum asked those in the Defense Department either to speak to reporters when a public information officer was present or, if not, to report on the conversation with the reporter.

DEFENDS BLACKOUT

The Deadline Club is the New York chapter of the Sigma Delta Chi, professional journalistic society.

He defended the news blackout that preceded President Kennedy's imposition of a naval blockade against Cuba, recalling comment that the Bay of Pigs invasion of Cuba last year "was run like a Madison Avenue operation."

Sylvester was asked about the government's issuing "half truths," specifically the story that President Kennedy flew back to Washington prior to the Cuban blockade announcement because he had a cold.

"It is basic throughout history," he replied, "that it is the government's right—and therefore the people's right—inherent if necessary to lie to save itself. It seems to me basic."

Sylvester is a Sigma Delta Chi member.

CRITIC LIKED "CYRANO" ON HALL OF FAME

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP)—Christopher Plummer, an actor who really enjoys a meaty role, had a splendid time playing "Cyrano de Bergerac" to the hilt in an adaptation of Edmond Rostand's swashbuckling classic Thursday night.

NBC's "Hall of Fame" version was lively, pared down to less than 90 minutes without damage to the romantic comedy about the unfortunate swordsman and poet who loved so well but believed that he himself was not lovable.

Plummer, who played in an uncut version of the play last summer in Canada, proved a marvelously uninhibited Cyrano, even wearing his grotesque putty nose with a dashing air. He carried out his duel like a young Fairbanks, read the love poetry with passion and even succeeded in giving the buffoon's lines a poignant quality.

ONE-MAN SHOW

"Cyrano" is almost a one-man show, but the rest of the large cast gave the program the zest of 17th Century France. Hope Lange was a beautiful Roxanne, Cyrano's light of love.

It is an ironic tale of an ugly man who wrote the poetry with which a handsome fellow won the fair lady they both loved. It was

a rich and charming spectacle in color, full of heroic flourishes and high flown sentiments. Those are things you don't find very often these days, inside or outside of television.

Jack Paar scores a corp of sorts by nailing down Judy Garland for a guest appearance. Coincidentally it comes at the precise moment when Miss Garland's voice co-stars in a new cartoon movie which opened this week and is in the process of being publicized and plugged.

Recommended weekend viewing

Tonight — "The Jack Paar Show," NBC, 10-11 p.m. — Judy Garland is guest star.

Sunday — "The Wizard of Oz," CBS, 6-8 p.m. — holiday season repeat of the 1939 film classic, with Judy Garland; "The Dinah Shore Show," NBC, 10-11 p.m. — musical variety hour with Frank Sinatra.

HOLD XMAS PARTY

A Christmas party and supper was enjoyed in connection with the monthly gathering of the Frogtown Homemakers' held on Wednesday evening at the home of Mrs. Clyde W. Crouse, Littlestown R. 1. Mrs. Helen D. Tunison, Adams County's home economics extension representative, was a guest. There was a gift exchange and carol sing. The 23 persons in attendance then packed 38 boxes of cookies to be given to shut-ins and elderly people of the community and vicinity during the holiday season.

Mr. Shnoo's Zoo

BY LUCRECE BEALE

Chapter Six THE BLUE-SEALED SCHOLAR

"WHERE are we going?" asked Mr. Shnoo as he and Santa left Shnoo's Zoo behind and started down the road leading poor Honeybun on a rope.

"There's an elf in Santa Land named Dr. Kernoodle," said Santa. "He has a wonderful way with sick animals. I think he can help Honeybun."

"Oh, I hope so!" said Mr. Shnoo, rubbing his fingers through the brown bear's fur. "But, oh dear, I don't think she can go that far. Look! She is staggering already."

Honeybun swung her hurt head back and forth. She seemed ready to give up and lie down right there in the road.

Santa said "Don't worry. We'll go by sea—the way I came. It's a very fast and restful trip."

Mr. Shnoo got behind Honeybun and gently pushed her along. "A voyage should do her good," he said. "She was on a ship once before, when she was a cub."

"It's not exactly a ship," said Santa, tugging on Honeybun's rope. "It's a Blue-Sealed Scholar."

"Blue-Sealed Scholar? What is that?"

"You'll see soon enough."

And sure enough Mr. Shnoo did see, for they came, by and by, to the end of the road and there was the river. Waiting at the edge of the river was an enormous fish covered with sky-blue scales. He was big as a tug boat and his mouth when he opened it was as large as a small front porch.

"Come in," said Santa and he led Honeybun and the astonished Mr. Shnoo right into the gaping jaws of the Blue-Sealed Scholar.

The mouth snapped shut behind them and Mr. Shnoo didn't know what to do. It was all so dark and scary. He heard Santa calling to him and he could see a light far ahead. He pushed Honeybun down a slippery, slidey passageway until he came into a lighted sitting room. The walls and floor were red and the furniture was quite modern with lots of comfortable sofas covered with puppy pillows.

There were books on shelves along the walls. Santa went to one of the shelves and picked up a book. It was called "Three Little Fishes and How They Grew."

"He likes to be read aloud to," said Santa. "That is why he is called Scholar, I expect."

He sat down on a sofa, put on his spectacles and opened the book to Page 634. He began to read. The room started to move gently up and down as the Scholar moved up toward sea. Honeybun curled up on some pillows behind the sofa. She did not seem at all alarmed to find herself in such strange surroundings.

But Mr. Shnoo was very puzzled. He sank down on a sofa but he couldn't keep still. He kept jumping up and down and examining things.

Finally Santa put down his book and said, "Why are you so fidgety? What is the matter?"

"I have been thinking," said Mr. Shnoo. "I have never seen so remarkable a creature. I must have a Blue-Sealed Scholar for my zoo."

Santa shook his head. "They do not live in captivity. In fact, no mortal elf other than yours has ever seen one. If you tell anyone about it you will be told you were dreaming."

"And perhaps I am," said Mr. Shnoo, rubbing his eyes. But a moment later he knew he wasn't because the voyage came to an abrupt end. Mr. Shnoo stood up so suddenly he bumped his head quite hard on the ceiling.

The great mouth of the Scholar opened and Santa and Honeybun and Mr. Shnoo walked out. They were on the beach of a snow-covered land. Mr. Shnoo knew right away it was Santa Land because there was a big red sleigh waiting there and dancing around the sleigh were hundreds of tiny elves come to welcome Santa home.

Santa greeted all his little workers and fussed with them a little for being away from their work. Then he told them about Honeybun. The elves were sorrowful to see so sad a bear.

Gently they lifted Honeybun on to the sleigh. When Honeybun was settled comfortably, Santa and Mr. Shnoo got in beside her. Then each elf took his place on the ropes and all together they gave a mighty tug until suddenly—Zip! Away they sped over the snow!

Runaway Missile Escapes Destruction; Goes 300 Mi.

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—Range safety procedures will be surveyed carefully as the result of a wrong-way runaway section of a Polaris missile which escaped destruction and landed in the Atlantic Ocean 150 miles east of Savannah, Ga.

"If that missile piece had headed inland instead of toward the wide open ocean," a source said, "the only thing we could have done would be to pray that it did not hit a populated area."

The Polaris began twisting wildly in the sky shortly after the second stage ignited during a test flight Thursday, and the range safety officer beamed a radio signal to destroy the missile.

300 MILES AWAY

However, a large section, still under power, escaped detonation and suddenly shifted from an intended southeast heading to a northeast direction.

After word of the wayward rocket leaked out, the Air Force admitted it landed in the sea 300 to 350 miles northeast of Cape Canaveral. There was no nuclear device aboard. The range safety officer reported, without elaboration, that the command destruct system had worked properly.

Sources said that apparently the missile was not properly wired for complete detonation.

PROBLEMS BEFORE

The solid-fuel Polaris has caused range safety problems in the past. On an early test flight in 1958, the safety officer destroyed a Polaris when it went off course, but a large part of the second stage survived and raced inland. It barely missed a trailer camp in nearby Cocoa Beach before dropping into a river.

INDICT THREE FOR CONTEMPT OF LEGISLATURE

AUSTIN, Tex. (AP)—Three men were indicted by the Travis County Grand Jury Thursday for contempt of the legislature—the first such indictments in a decade. All involved point-fixing in basketball.

They are M. C. Pearson of Austin, E. D. (Sig) Dickson of Dallas and M. D. (Duck) Mallard.

The cases stem from hearings last summer by the Texas House General Investigating Committee on alleged point-fixing in Southwest Conference basketball games.

Dickson refused 292 times at a July 13 hearing in Austin to answer questions concerning alleged bookmaking and point-fixing in SWC basketball games.

DUCKS 44 TIMES

Pearson took the Fifth Amendment 44 times at the same hearing in refusing to answer committee questions about his business, whether he was a bookmaker and whether he held a U.S. wagering stamp.

Mallard refused 125 times at a May 25 Waco hearing to answer questions about his alleged bookmaking operations. The grand jury said all three are accused of contempt for refusing to answer questions "pertinent to the matter under inquiry."

On conviction, contempt of the legislature is punishable by fine of \$100 to \$1,000 and by a jail term of 30 days to 12 months. It is classed as a misdemeanor.

3 MILLIONS ARE SPENT ON '62 ELECTION

HARRISBURG (AP)—Democrats and Republicans on the state level spent a total of more than \$3 million to woo voters in the November election.

The figure is based on campaign expense reports filed Thursday with the State Elections Bureau.

The statewide expenditures, however, are only a portion of the total campaign cost. Each of the 67 counties also filed vouchers listing local campaign contributions and expenses, as did scores of citizens groups backing specific candidates.

The Republican State Committee reported it spent \$1,000,891 between July 1 and Nov. 20, most of it on the campaign. Total expenditures for the whole year were \$1,162,109. The committee reported it had some \$368,000 in unpaid bills still pending.

CONTRIBUTIONS

The state GOP committee said it received \$135,864 in direct contributions and \$787,841 in contributions from the Republican State Finance Committee, with the balance received from other finance groups.

The Republican State Finance Committee reported it received \$1,555,962 in contributions and disbursed \$1,494,904, including the \$787,841 to the Republican State Committee. The committee has an additional \$51,000 in unpaid bills for routine expenses and owes \$304,000 on loans to the committee.

The Democratic State Committee reported it received contributions of \$334,017, including \$290,000 from the Democratic State Finance Committee. It reported expenditures of \$335,479. It owes \$23,452 in unpaid bills.

The Democratic State Finance Committee reported it received contributions of \$1,593,313 and disbursed \$1,530,877. The Democratic finance group did not report any unpaid loans, bills or other debts.

The statewide expenditures are only a portion of the total campaign cost, however. Each of the 67 counties also filed vouchers listing local campaign contributions and expenses, as did scores of citizens groups backing specific candidates.

DEATHS

NEW YORK (AP)—William Swift Dalliba, 72, a retired official of the Paris branch of the American Express Co., died Thursday of a heart attack. Dalliba, who had lived in Europe from boyhood until his retirement in 1939, was descended from the Swift family of Cape Cod, Mass., and was related to the Jacob and Clay families of Kentucky.

HARTFORD, Conn. (AP)—Col. Graeme K. Howard, 66, retired vice president of the Ford Motor Co., died Thursday. Howard was with General Motors Corp. for 25 years, leaving in 1948 to become a vice president and director of Ford's International Division.

LANCASTER, Pa. (AP)—William H. Hager Jr., 66, president of Hager & Bros., Inc., a department store, died Thursday after a long illness. Hager was the fourth generation to head the store, which founded in 1821.

PEOPLE IN THE NEWS

By THE ASSOCIATED PRESS

Dennis Crosby, the third of Bing Crosby's sons to run into marital trouble, reportedly is trying a trial separation from his wife, ex-showgirl Pat Sheehan. She told newsmen in Hollywood: "It happened about a week and a half ago, but I am sure it's not serious and we will get back together." She said she doesn't know where Dennis is.

Viscount Elvedon, 25, head of the Guinness brewery empire in England, will marry Daphne Jane Smiley, 22, daughter of an aristocratic Aberdeenshire farm family.

Mrs. Marianne Mirkin of Westbury, N.Y., won a letter-writing contest and her prize was a half-hour run in a Manhattan supermarket—during which she could keep everything she could grab.

Aided by her son, Ricky, 15, Mrs. Mirkin picked up \$1,338.50 worth of groceries. She tried to pick up something else, too, but the contest sponsor—WABC radio—said the cash register wasn't part of the deal.

PHILADELPHIA (AP)—City Solicitor David Berger, the next chancellor of the Philadelphia Bar Association, says consolidation of courts in Philadelphia should be the bar's principal goal. Berger spoke Thursday night at a dinner of about 800 persons at the association's annual dinner. He takes office as chancellor Jan. 1.

POPE LEAVES APARTMENT; PRAYS WITH E.C.

By EUGENE LEVIN

VATICAN CITY (AP)—Pope John XXIII left his apartment Friday for the first time since he became ill 10 days ago and prayed with the Vatican Ecumenical Council in St. Peter's.

Soon after he returned to his apartment, Vatican officials announced that the pontiff would participate in ceremonies Saturday closing the first phase of the council, and also in canonization rituals on Sunday for three new Roman Catholic saints.

Looking white and tired, the pontiff walked unaided into the basilica and up the several steps to his throne.

THANKS PRELATES

In a speech in Latin he thanked the prelates for their work and their charity toward each other despite differences in their debates and asked them to carry his blessing back to their people. He did not mention his own health.

He waved repeatedly to non-Catholic observers sitting in a special section to one side of his throne.

Vatican sources said the Pope also celebrated Mass this morning in his private chapel and then worked a considerable time with Amleto Cardinal Cicognani, the Vatican secretary of state.

But the Vatican indicated the Pope has not fully recovered after being bed-ridden with serious anemia provoked by stomach disorder.

WORK LIMITED

Officials said his participation in the weekend ceremonies would be limited. He plans to attend the closing council session only long enough to make a speech.

And instead of participating in the full three-hour canonization ceremony Sunday, as he has in the past, officials said the Pope would be present for only about 30 minutes, long enough to proclaim the three saints.

The three being elevated to sainthood are the blessed Pierre Julien Eymard, Antonio Maria Pucci and Francesco Maria de Campo. Eymard was French-born. The others were Italian-born.

Prefers Termites To People Now

PHILADELPHIA (AP)—George Bankert, 33, recently quit the exterminating business after several years and started driving a cab.

"I figured people would be a relief after all those bugs," he said.

Wednesday he got a traffic ticket and Thursday a passenger robbed him of \$13.

"If I had my choice I would take termites over people," said Bankert.

When your youngsters ask "What can we do now, Mom?" you might suggest that they string pop corn. This additional Christmas activity is fun at any time of year.

BENNY RETURNS TO OLD STAND AFTER 31 YEARS

By BOB THOMAS

HOLLYWOOD (AP)—Jack Benny is returning to the medium he left 31 years ago—the Broadway revue.

It was in 1931 when the young (37) Waukegan, Ill., funnyman walked out on a tour of "Earl Carroll's Vanities," in which he had starred in New York. The move was decidedly not in keeping with his later fame as a pennypincher.

"I was getting \$1,500 a week, and you can imagine how big that looked in 1931," he says.

But he declined the job because the show was beginning a rugged tour of one-nighters. Besides, he had his eye on something else called radio. And the rest, as they say along the Rialto, is history.

WILL OPEN FEB. 11

On Feb. 11, the comedian will open "The Jack Benny Show" at the O'Keefe in Toronto and head for a six-week stand at the Ziegfeld Theater in New York, starting Feb. 27. He'll take along a troupe of performers including Jane Morgan and the Beverly Hillbillies—that's his own zany combo, not the television series. Benny, 68, conducts a weekly television show, plays his fiddle all over the country to raise funds for longhair music, does his act in Las Vegas showrooms at less charitable fees. So why return to Broadway?

"Because it's fun," he said. "I like what I do; I always have. That's why I work."

TV A BREEZE

"This season in television has been a breeze for me. I've been able to play nine holes of golf every day. I get in an hour or two of practice with my violin each day. My only problem is what to do with my nights."

The Jack Benny Show has bounced back in the ratings after a rocky season last year. The shift from Sunday (opposite front-running "Bonanza") to Tuesday undoubtedly helped.

"But I can't worry about ratings," he remarked. "There are too many unknown qualities that determine them. Do you know that the change of one phone call can make your rating drop?"

"I'm gratified if the rating is good, especially since we're up against two strong shows, Dick Powell and 'The Untouchables.'"

Performing stimulates him; the sound of laughter is a great tonic. Unlike other comics, he also is a good listener. His fellow performers love to sharpen their wit before him, because they know what a ready audience he is.

His real secret of living may

Mayors In Dispute Over Rail Route

PHILADELPHIA (AP)—The proposed route of a high-speed rail line between Philadelphia and Kirkwood, N.J., has stirred up a dispute between the mayors of Philadelphia and Camden, N.J.

Mayor Alfred R. Pierce of Camden said Thursday night that the route, using existing Pennsylvania-Reading Seashore Railroad tracks, through the center of Camden would create a "Chinese Wall" that might breed slums.

He suggested an alternate route along the Delaware River, which separates the two cities. It would cost more, however.

Mayor James H. J. Tate of Philadelphia called on Camden officials to consider the entire project "with financial reality on a reasonable basis." He said he hoped the controversy would not delay the project.

SKYBOLT MAY BE DISCARDED FROM DEFENSE

WASHINGTON (AP)—The trouble-plagued Skybolt, an air-launched missile that gave the manned bomber hope for longer life, may be headed for the discard.

A final decision has not been made. But informed sources say that as of now Defense Department budget drafters are not planning to allot money for the 1,000-mile-range missile next year.

These sources said the project is in serious trouble—and not only because the Skybolt has suffered five test flops in a row.

HAS LOST FAVOR

It was reported the Skybolt has lost favor with top Pentagon officials.

They were said to have come around to the view that by the time it is ready in any numbers the pre-eminent role in U.S. nuclear striking power will have been assumed by the Polaris submarine-launched missiles and intercontinental ballistic missiles.

The Air Force has been aiming to get the Skybolt combat-ready by October 1964. But the dismal test record so far may have pushed the operational date farther down the road.

About \$650 million has been spent or allocated for the Skybolt, which the Douglas Aircraft Co. has been developing for the Air Force since 1959.

The concept calls for about 300 be his much-maligned violin. "When I play it, I can't think about anything else," he said. "It's the greatest relaxation in the world."

The POWER of FAITH By WOODI ISHMAEL

One of the lesser known figures in the drama of the Incarnation—Elizabeth, the cousin of the Virgin Mary—was a woman with overwhelming faith in God.

Advanced in years, well beyond ordinary childbearing age, Elizabeth greeted with anxiety Mary's announcement that she was to be the Mother of God. Did Elizabeth realize that she herself was to give birth to John the Baptist, the forerunner of Christ? In Elizabeth's own words: "the babe leaped in my womb for joy. And blessed is she that believed."

Mary's faith was demonstrated on this occasion also:

"For behold," she said, "from henceforth all generations shall call me blessed."

AP Newfeatures

advance model B52 jet bombers to carry two nuclear-tipped Skybolts under each wing.

Instead of having to go in over their targets, the B52s would be able to stand off about 1,000 miles and strike at an enemy with Skybolts.

The Air Force insists the Skybolt is a promising weapon, worth the investment.

Earlier this week, it said development of the Skybolt is on

Mr. T. C. GORDON, representing the Lesley Hair and Scalp Consultants, will give hair and scalp consultant to hair worried men and women at the HOTEL GETTYSBURG in GETTYSBURG, PA., SUNDAY only, DECEMBER 9, 1962, from 1:00 P.M. to 8:00 P.M.

Decide today to give proper care to that prized personal appearance asset—a good head of hair. Come in and talk with the Lesley Consultant regarding your hair and scalp problems. Learn how you can treat yourself right in the privacy of your own home. Regular checkups in your city by a Lesley Consultant assures success in the minimum period of time.

If you have dandruff, excessive hair fall, thinning hair, excessive oiliness or dryness, itchy scalp, or if your scalp is still creating hair you should take positive action at once. A little time spent now may save a great deal of regret later.

You incur absolutely no charge or obligation by coming in for the consultation. We will tell you frankly and sincerely whether or not we believe you can be helped, how long it will take and how much it will cost.

If you are accepted for treatment, you will be given a written guarantee for the length of time treatment is required, on a pro-rated basis. Nearly half of our clients are women. Lesley Hair and Scalp Consultants have established a very high reputation in the field for refusing any case that does not fall under the scope of its work.

While male pattern baldness is the cause of the great majority of cases of baldness and excessive hair loss, for which neither Lesley treatment nor any other treatment is effective, Lesley offers you a free examination to determine whether you are one of those who can be helped.

WORST STORM IN YEARS HITS PART OF OHIO

CLEVELAND, O. (AP)—The worst snowstorm in a dozen years crippled northeastern Ohio Friday. Up to a foot and a half of snow was on the ground in one area and the U.S. Weather Bureau said no relief was expected before late Friday night.

The heavy snow delayed trains and buses, grounded planes, shut down at least 50 factories and closed virtually all schools in a wide area and caused hundreds of accidents.

The storm, moving into northern Ohio late Wednesday afternoon from the south, was powered this morning by winds of 30 to 35 miles an hour, with gusts up to 50 miles an hour. Temperature hovered near the freezing point.

VEHICLE STALLED

The depth was not as great as in other snowstorms but the strong, biting winds piled drifts as high as five feet.

Hundreds of cars and trucks stalled, blocking practically all secondary roads. Bottlenecks at some Ohio Turnpike exits backed up traffic for six miles. Speed on the 341-mile toll road was about 20 miles an hour. One lane was open in each direction.

There were four storm-connected deaths in the Cleveland area.

Some 30,000 customers of the Cleveland Electric Illuminating Co. were without power, many since Thursday night. Snow laden lines snapped and others were knocked down by high winds.

18-INCH FALL

Additional crews were summoned from utility companies in

ended its government affiliation in July 1961.

President Kennedy was host on Wednesday night at an off-the-record dinner for council members.

U.S. Expects Russia To Withdraw Troops In Cuba

By LEWIS GULICK
WASHINGTON (AP)—U.S. authorities expect the Soviet Union to withdraw thousands of troops from Cuba now that Red bombers and missiles have been pulled from the island.

American intelligence sources estimate there are 9,000 to 15,000 Soviet troops in Cuba. Many were assigned to install and man the offensive weapons.

The Pentagon said Thursday Navy patrol planes had counted 42 bombers aboard Soviet ships outbound from Cuba. This is the told U.S. officials they had in Cuba — somewhat more than American experts had estimated.

42 RED MISSILES

Nearly a month ago, the U.S. Navy counted 42 Soviet missiles on their way out. U.S. authorities said they know of none remaining in Cuba.

They said U.S. negotiators will press in discussions with Soviet

Columbus, Toledo, Dayton and Canton to restore service.

The snowfall at 9 a.m. measured 18 inches at Novely in Geauga County, with two- to three-foot drifts. Canton and Akron had 10-11 inches and Ashland had 8 to 10 inches.

Cleveland Hopkins Airport closed late Thursday night. A spokesman said this morning it will be at least 10 hours before runways can be opened.

Traffic at the airport halted as drifting snow blocked runways and made roads leading to the field impassable.

As the snow continued to pile up and driving became more hazardous, many companies urged their employees to stay home. This included more than 4,000 at the National Aeronautics and Space Administration huge facility on the west side.

representatives in New York for removal of the Soviet troops. The Soviet Union, the authorities said, is expected to pull the men out.

It was understood Premier Khrushchev informed President Kennedy last month that Russian ground troops associated with the weapons would be withdrawn.

At his last news conference, Nov. 30, Kennedy said "a number of Soviet ground combat units" were in Cuba. "We are informed," he added, "that these and other Soviet units were associated with the protection of offensive weapons systems and will also be withdrawn in due course."

PROTECT SITES

Some of the Soviet troops were said to have been used to protect the missile site positions and to man the estimated two dozen anti-aircraft missile installations that U.S. experts believe the Soviets set up to defend their offensive weapons complex.

The anti-aircraft installations feature 20 to 25-mile range surface-to-air missiles. Washington wants these dismantled, too, though there is no current report the Soviets are doing so.

So far, officials said, several hundred Soviet soldiers have been seen aboard ships leaving Cuba. A large-scale troop withdrawal, U.S.-Soviet clash should the United States decide to move against Cuba in the future.

The Soviet bombers and missiles were the offensive weapons Kennedy demanded the Soviet Union remove from Cuba.

Prospects of a formal diplomatic accord growing out of the New York negotiations appear nil. Kennedy is opposed to giving the formal no-invasion pledge which Khrushchev wants until there is effective international inspection of Cuba, which the Reds refuse.

Grief-Stricken Women Keep Lonely Vigil For Men Trapped In A Mine

By BOB VOELKER
CARMICHAELS, Pa. (AP) — Some 15 men and women, sitting on wooden folding chairs with their arms crossed, kept a lonely vigil early today from some word of 36 men trapped in an underground explosion.

The women, dabbing their eyes with handkerchiefs, sob, stop and sob some more. The men, most of them miners themselves, stare with sober expressions.

This is the scene at a corrugated building, adjacent to a mine shaft at U. S. Steel Corp.'s Robena No. 3 mine where rescue work goes on for the trapped miners.

The search began about 1:15 p.m. Thursday after a shattering blast rocked the mine, some 50 southwest of Pittsburgh.

YOUNG SON TRAPPED

In one corner of the building, the Rev. Thomas Cassidy, pastor of St. Ignatius R. C. Church at Bobtown, tries to console Mr. and Mrs. Bronakaski. Their 18-year-old son, Albert, an engineering trainee, is one of those missing.

There is no loud talking. Everything said is whispered.

In the other corner of the building the Salvation Army has set up a snack bar for coffee, donuts, sandwiches and candy. Hardly anything has been touched.

Since 7:30 p.m. Thursday Lee and Nick Caromano Jr. have waited for some word of their father, Nick Sr., 57, a miner for 30 years.

OTHERS JOIN GROUP

Mrs. James W. Hribal is another keeping vigil. Her husband has been a miner since 1941 except for the four years he spent in the Marines during World War II. One of her two sons, Larry, was a freshman on the Notre Dame football team the past season.

Literally hundreds of people have joined in the effort to rescue the 36 miners.

First on the scene after the explosion was the rescue team from U. S. Steel's Frick District of

which Robena No. 3 is a part. Later it was joined by other U. S. Steel mine rescue teams, and by similar teams from Consolidation Coal Co. mines in the vicinity.

Also on hand are personnel from the Pennsylvania Department of Mines, U. S. Bureau of Mines and district and local representatives of the United Mine Workers Union.

"Those rescue men are looking into the barrel of a shotgun," said one union official. "With those fires smoldering down there, it could cause another explosion."

But the search goes on.

REPUBLICANS PLAN PUSH FOR VOTES IN SOUTH

By JACK BELL
WASHINGTON (AP)—Republican National Chairman William E. Miller pledged today an all-out GOP campaign in 1964 for Southern electoral votes and congressional seats.

Miller made clear in a report prepared for the opening session of the two-day Republican National Committee meeting that he has no intention of soft-pedaling party efforts in Dixie.

Some Republicans have complained that the segregationist link of several GOP candidates in the South could threaten the Republican position in the big industrial states two years from now.

In reply, Miller said: "Do not be misled or dismayed by those who are trying to give Northern Republicans a guilt complex over our Southern inroads. Our successes in the South need no apology. They are the product of hard and intelligent effort on the part of people dedicated to the Republican principles of freedom and sound government."

Emphasizing a determination to broaden the GOP's "Operation Dixie," Miller said that so far as he is concerned there will be no untested congressional races in the South two years from now. Democrats had no GOP opposition in 57 House races in the South in 1957.

He added that, as he views the situation, few of the South's 128 electoral votes can be taken for granted by the Democrats much longer.

Miller seems likely to continue in his job despite some proposals that a full-time, paid chairman be selected. As a member of Congress of New York, Miller divides his time between the House and the committee and receives no pay for heading the GOP group.

Ohio State Chairman Ray C. Bliss, mentioned as a possible national chairman, told a reporter he isn't interested in the job.

BOYLE'S Grab Bag

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Someone has figured out that suburbanites spent \$200 a family each year pampering their lawns—and less than \$100 to support the church of their choice.

News for the friendly neighborhood bookie: People were betting on horse races as long ago as 664 B.C.

A survey found that men holler less about the bills they have to pay than they do about what to do with unwanted gifts.

RELIGIOUS MOTIF

God is gaining attention over Santa Claus. It is estimated that 35 per cent of the three billion Christmas cards sent this year will have a religious motif—the favorite is—"Madonna and Child"—compared with 5 per cent only 15 years ago.

Except for man, and possibly the whale, elephants have the longest life of any other mammal.

"There are two things a real man likes—danger and play; and he likes woman because she is the most dangerous of playthings"—Nietzsche.

George Washington, the father of our nation, survived smallpox, malaria, tuberculosis, influenza, partial deafness and died at 67 from a strep throat and the attentions of his physicians—they took a quart and a half of blood from him as he lay dying. He had his last tooth pulled at the age of 63.

FEARED EATING APPLES

One of history's most notable hypochondriacs was Dr. Samuel Johnson, the lexicographer. He was obsessed by the idea he would lose his wits. Among his many strange delusions was his conviction that he would get drunk if he ate an apple.

One reason doctor's bills are high—it costs \$67,000 to train a medical specialist.

Someone has figured out that Americans take 500 million baths a week.

Housewives, beware of holly. One of the traditions of Christmas is that, if a house is hung with holly, the husband will rule throughout the next year.

The U. S. Treasury collects nearly a quarter of a million dollars in tobacco taxes every hour.

The average American husband has one chance in three of outliving his wife.

It was Francois de la Rochefoucauld who observed, "We promise according to our hopes, and perform according to our fears."

Spread corned beef (fairly thick) in a baking pan and make some depressions with the back of a large spoon. Break an egg into each depression; sprinkle the eggs with shredded cheese and bake in a hot oven. Good brunch fare!

SMOG LIFTS FROM LONDON; 1,000 ARE ILL

By RAYMOND E. PALMER
LONDON (AP) — For the first time in five days Londoners awoke today to clear skies and air free of fog and smog.

The smog left 106 persons dead and more than 1,000 hospitalized with chest and heart ailments. The cost of the four-day pall of dirt and darkness was expected to reach 12 million pounds (\$33.6 million) and possibly as high as 20 million pounds (\$56 million).

British European Airways lost more than 160,000 pounds (\$448,000). The airline canceled more than 300 flights. Other airlines were also affected by the closing of London Airport for three days, 13 hours.

100 SHIPS STALLED

A hundred ships were waiting to get into London docks, many of them since Tuesday. Another 22 vessels have been waiting just as long to get out. Lloyd's, the big shipping insurers, estimated the waiting would produce a massive bill.

Scotland Yard has still to work out the cost of the spate of robberies which made London a bandit's delight. With practically everyone wearing masks and thick fog to cover their tracks, the crooks staged a series of smash-and-grab raids, bank thefts and similar crimes.

Even if fog returns to London, the experts said, it will not bring back the abnormally high proportions of sulphur oxides that made the smog so unhealthy.

MAN HELD FOR KILLING BABY

LEBANON, Pa. (AP) — A 25-year-old Shafterstown man has pleaded no defense after a charge against him in the beating of his infant stepdaughter was reduced from murder to involuntary manslaughter.

Judge G. Thomas Gates took the case under advisement Friday after the defendant John J. Kulpa Jr., entered the plea to the lesser charge. Judge Gates said he would pronounce sentence later.

Involuntary manslaughter carries a penalty of one and half to three years' imprisonment.

Kulpa had been scheduled to go on trial next Monday in the death of his 18-month-old stepdaughter, Kathy Lynn Smith.

His arrest came at Norristown where the child's body was found in the Schuylkill River.

Police at the time said Kulpa admitted beating the child, but vigorously denied being responsible for her death.

REDS BUILDING UNDERGROUND FORTS IN CUBA

NEW YORK (AP) — Soviet troops in Cuba are reported engaged in the construction of underground fortifications and additional airfields throughout the island, the New York Times said Friday.

A Washington dispatch by Tad Szulc said "A detailed report on these activities, dated Nov. 29, was received from Havana through anti-Castro intelligence channels," adding: "The report stressed that while some Soviet military camps had been closed, all indications were that many Soviet units and advisers remained in Cuba."

REDS WILL STAY

Noting that President Kennedy said he had been informed by Moscow that Soviet combat troops in Cuba also would be removed, the Times said "The number of such troops is now believed to be between 5,000 and 10,000 men."

The report suggested, the storh said, that the Russians are concentrating on aiding Cuban forces "to redeploy and improve their

AUDREY KELLY TO BE OFFERED CABINET POST

PHILADELPHIA (AP) — Mrs. Audrey R. Kelly, unsuccessful Republican candidate for secretary of internal affairs, will be invited to become a member of Gov. Elect William W. Scranton's cabinet, the Philadelphia Inquirer said Friday.

She will be offered the post of secretary of the commonwealth or secretary of public welfare, according to a high-ranking Scranton aide, the Inquirer said.

Reached at her home in Montrose today, Mrs. Kelly said:

"I have no comment to make at this time. I won't confirm neither will I deny. I'm very sorry but this is the governor's business."

The Inquirer said that "originally Scranton thought about tendering the commonwealth department to Mrs. Kelly but if George I. Bloom resigns as Republican state chairman Scranton may offer him the commonwealth portfolio. Under those circumstances, Mrs. Kelly would be shifted to secretary of public welfare."

Pravda Wants U.S. To Remove Bases

MOSCOW (AP)—The Soviet Communist party paper Pravda called Friday for negotiations to liquidate American military bases around the Soviet Union.

The article, by the paper's authoritative diplomatic observer Yuri Zhukov, was the first important Soviet statement on U.S. overseas bases since President Kennedy rejected Soviet Premier Khrushchev's demand for a swap of Soviet rocket bases in Cuba for U.S. bases in Turkey.

Zhukov repeated standard Soviet charges—that the bases are provocations against the Soviet Union, that they have outlived their usefulness, and that they only serve to prop up unpopular regimes.

ALBANY, N.Y. (AP)—The rejection after Gov. Nelson A. Rockefeller's second inauguration on New Year's Day will be a comparatively quiet get-together—with no dancing.

The governor's office said Thursday there will be a buffet for several hundred persons, instead of a ball for thousands.

LONDON (AP)—Barbara Fell, 24, a government information officer, was sentenced Friday to two years in prison for handing over confidential documents to her Yugoslav lover.

She pleaded guilty to charges of passing Foreign Office papers to Smiljan Pecjak, former press officer at the Yugoslav Embassy. She admitted she was his mistress.
